

Iceni Newsletter September 2023

Coronavirus Impact Covid-19. We are continuing to hold our meetings online as this seems to suit everyone and saves travelling during the dark Winter months.

I hope you are all keeping safe and well and will be able to join us online.

If you wish to join us just follow the link or paste into your browser:-

<https://meet.jit.si/IceniComputerClubMeeting> and follow instructions to allow camera and microphone access. We have found some problems with screen sharing on the Mac if using Firefox, but using Safari or Chrome is ok as is using Windows.

There is nothing to download or install. We still meet on the third Wednesday of the month at 7:30 p.m. via Jitsi.org Video conferencing.

Our Next Meeting Wednesday September 20th 2023 **Maria DB and MySQL by Paul et al.**

This will be a good introduction to the use of Maria DB which is a well supported database for use with other software like DigiKam.

Paul hopes to cover setting up Mariadb, the data definition language (CREATE, DROP etc.) and the data manipulation language (SELECT, INSERT, DELETE etc.) statements.

I look forwards to seeing you all there happy and refreshed after your Summer break.

Peter

Our Last Meeting Social Evening at the Stratford Anchor 7:00 for 7:30 p.m on Wednesday August 16th 2023

This was our second visit to the Anchor and once more we were asked to pre-order our food. However we still had to wait ages for the starters and for those not having a starter they had to wait until almost 9.00 p.m. to get anything to eat. The food was very well prepared and tasty, but I don't think we shall be visiting them again. It seems typical of an establishment with insufficient staff to cope.

However it was very enjoyable to meet up especially for those who don't normally join us on-line like Anne, Gerald and Daniel. Thank you for making the long journey to join us. Here are a couple of shots to remind you of the evening. Peter
